PRIVATE TUTOR LIST

As per your request, I am sending you the names and home phone numbers of several individuals who will privately contract with parents to tutor students outside of school hours. Please keep in mind that the Brunswick City Schools serve only as a resource in linking parents and tutors. The tutoring fees are set by each tutor and each family is responsible for payment of those services. The school district does not provide or pay for private tutoring to students. Also, keep in mind that it is against Board policy for teachers to privately tutor children who are assigned to their own classes.
