

Hickory Ridge Elementary School Parent Teacher Group (PTG) Newsletter—January 2021

The 2020-2021 school year started differently than any other year we have experienced. It continues to challenge us to find ways to bring our school community together at a time when we need to stay apart to stay safe. The PTG has worked to remind our staff that we know this year is not easy, but that they can do hard things. Our students have shown resilience with all of the changes. Parents have taken on the role of remote learning facilitator. We have all worked together differently than we have before and we hope that we can return to the activities we are missing. If you're new to our school, welcome! You're a member of our PTG just by having a student at Hickory Ridge. No membership fees! We hope you're looking forward to getting involved! We love volunteers!
