03.25.2020

We are having an extremely successful week with our breakfast/lunch “Pick-Up” program. We will provide close to 2,000 meals to families in need. We’ve decided to revise some of our procedures to make the program more efficient and safe for all involved. With that said, please be aware of the following two changes:

- Thursday, March 26th will be the last pick-up day this week. Meals will be provided for Thursday, Friday, and Monday to those who have already signed up.
- Beginning the week of March 30th, we will have two pick-up days, **Tuesday, March 31st** and **Thursday, April 2nd**. The number of meals provided on those days will cover non pick-up days. **The pick-up window for these two days is 10:00 AM - 11:00 AM (note change).**

Like this week, participating families must complete a form at this [LINK](#) before 6:00 p.m. on Sunday evening for the following week. Completion of this form will allow for our cafeteria staff to prepare enough for those in need. During daily pick-up, parents/guardians/students or designee will need to provide the name(s) of the student(s) that they are picking up for. If you do not have access to a computer for completing the request form, you can call 330-273-0322 and record a message with the required information.
