Dedicated to Excellence.

Prepared for the Future.

08.03.2020

Dear Families,

As I shared at our Virtual Town Hall meeting last Thursday, the health and safety of our students and staff is our top priority. With that said, we are also very aware of how important in-person learning is for our students. In trying to find a balance with these two fundamental beliefs, we have developed two scenarios for learning for the 2020-2021 school year; *face-to-face learning with strict safety protocols* and *online learning*. There are many details associated with both of these scenarios that can be found in our [Brunswick City School District Reopening Plan Guide](#).

We are now opening the process for families to commit to online learning for the entire first semester of the 2020-2021 school year.

Please click this [link](#) only if you are committing to online learning for your child/children. If you do not fill out the form, the district will assume that your child/children will be returning for face-to-face instruction. **The deadline for this commitment is Friday, August 14th.**

We are currently in the process of developing our Frequently Asked Questions page for our website in the event that you still have questions or need further clarification on our plan. Please click [here](#) to submit questions.

Stay Safe, wear your masks, wash your hands and social distance,
Michael Mayell
