Dedicated to Excellence.

Prepared for the Future.

09.15.2020

Good afternoon,

I wanted to let you know that Google is experiencing problems today. Unfortunately, our only course of action is to report the problems our students and staff are experiencing with Drive, Classroom, and Meet to the Google portal.

Our feedback is that other districts are experiencing the same problem and as you can see in the attached image most of the Greater Cleveland area is experiencing intermittent problems with Google applications.

We encourage your child(ren) to stay the course and attend all classes. The purpose of this communication is to remove a layer of frustration and let you know it is not ... your child ... your internet ... your child's teacher ... or our servers ... it is Google!

We are hopeful that Google will resolve the problem quickly.

Thank you,

Kathy Verhest

Director of Technology, Brunswick City School District
