Professionals of Tomorrow Mentor Agreement

Professionals of Tomorrow offers a wonderful opportunity to interact with the future leaders of tomorrow, and by becoming a mentor you are leading them towards a brighter future. Without the guidance of someone like you, this organization would not be possible. Becoming a mentor requires you to follow a few guidelines to ensure a successful relationship between you and your mentee. While this contract is not a legal document, keep in mind the importance of the following requirements listed below.

As a mentor of Professionals of Tomorrow, I will…

- Submit to a full background check
- Attend the Welcome Breakfast on November 4th from 7-8:30 a.m. in the East Cafeteria at Brunswick High School
- Support my mentee at the final reception (date to be determined)
- Communicate with my mentee at least once per month (please note that the mentee is responsible for contacting you to set up meetings and ask questions. Mentors must be willing to return this communication in a timely manner).
- Meet with my mentee at least once a month at a predetermined location or via telephone conversation if unable to meet in person.

I have read the above commitment and agree to mentor a student through the Professionals of Tomorrow program at Brunswick High School.
