05.21.2020

Dear parents and staff,

As always, I hope you and your families are safe and healthy during this time. Today marks the end of the 2019-20 school year for our students. In 38 years of working in public education, this year has definitely been like no other. I would like to commend the efforts of our students, their families, and all of our staff who worked to make the best of this situation. I have never been more proud to be a Blue Devil.

The Ohio Department of Education released preliminary guidance last week outlining the restrictions that schools will be expected to follow. While this guidance is in draft form, it appears that strict social distancing practices will be required. As we turn our attention to the 2020-21 school year, I am asking for your input. We have created a survey to gather feedback on our remote learning plan as well as capture parents feelings about next year. We will use your input to help construct a return-to-school plan that adheres to the guidance from the Ohio Department of Education.

Brunswick City School District Parent Survey

My goal has been and will continue to be, to communicate critical information with you as often as possible. I would certainly encourage you to keep your students involved in as many online educational opportunities as possible as well as a continued focus on reading throughout the summer months.

Stay safe and Go Big Blue

Michael Mayell
